

CLEANSE™

SPRAY TANK CLEANER

PRINCIPAL FUNCTIONING AGENTS

Organic Amine, Inorganic Hydroxides, Surfactants and Formulation Aids100%
All ingredients are approved for use under 40 CFR 180.1001(c)

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS: CORROSIVE, FOR USE BY TRAINED PERSONNEL ONLY. Before using this product, read the entire label, including the conditions of sale. This product contains caustic alkali, which may cause severe burns to skin and eyes. Harmful or fatal if swallowed. Severity of damage or injury increases with length of contact time. Avoid breathing of spray or mists. Do not get in eyes, on skin or clothing. Wear rubber gloves and eye protection. This product is no corrosive to most sprayer tanks and equipment; however, it will remove large amounts of scale and rust that could plug screens and nozzles or expose hidden leaks. Do not use CLEANSE on nonferrous metals, such as soft aluminum, copper and brass.

Due to existing variables in equipment and component type, construction age and cleanout technique, the use of CLEANSE does not guarantee removal or neutralization of all residues. Therefore, thorough sprayer cleanout is the responsibility of the applicator. Always conduct a test to verify acceptable residue removal.

PERSONAL PROTECTION EQUIPMENT (PPE)

Applicators or other handlers of this chemical must wear: long-sleeved shirt, protective apron, pants, shoes and socks, rubber / PVC gloves, splash-proof chemical safety goggles and full face shield. Consult the MSDS for further information.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Do NOT induce vomiting. Give large volumes of water or milk. Seek medical attention.
- If In Eyes:** Immediately flush with water for 15 minutes. Seek medical attention.
- If On Skin:** Remove contaminated clothing and wash skin contact area with plenty of soap and water for at least 15 minutes. If irritation persists, seek medical attention.
- If Inhaled:** Remove to fresh air. Seek medical attention.

GENERAL INFORMATION

CLEANSE is a DUPONT™-approved liquid spray tank cleaner, formulated to bond pesticide residues to the rinse water solution for complete purging. Because rinsate may be sprayed on growing crops it is important to use a spray tank cleaner that is approved for use on growing crops. CLEANSE is approved for this use.

DIRECTIONS FOR USE

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, AQUATIC, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, ORNAMENTAL RIGHTS-OF-WAY, TURF AND OTHER APPROPRIATE USES. After cleaning procedures have been completed, fill tank with clean water and conduct a rinsate test on the water in the tank. Rinsate tests can be done through laboratory analysis or bioassay. For bioassay testing, apply rinsate to sensitive vegetation and observe treated plant for at least 48 hours. If damage occurs, repeat cleaning process and testing procedures. If no damage is observed, dispose of rinsate in an appropriate manner and resume spraying operations. Do not use the sprayer during the 48-hour observation period. All internal and external rinsate must be contained and disposed of according to state, local and federal regulations.

USE RATES: Use one quart per 100 gallons of clean water.

MIXING/CLEANING

1. Clean all tanks on a state-approved loading pad so rinsate can be collected and mixed into spray solution or into a dedicated rinsate tank. In-field cleanout, go to step 3.
2. Thoroughly clean exterior of tank to remove dirt and chemical residue.
3. Drain the spray tank as completely as possible. Loosen any visible deposits.
4. Add 50 -100 gallons of clean water to the tank and add appropriate amount of CLEANSE.
5. Remove nozzles, screen and strainers and thoroughly clean separately in a bucket, using CLEANSE as the cleaning agent. Rinse with clean water.
6. Ensure agitation and carefully clean the interior of the tank using a 360-degree rotation nozzle or pressure sprayer. Agitate and circulate for 15 minutes.
7. Flush the cleaning solution through the boom, hoses and nozzles until tank is empty.
8. Drain lines and pump. Dispose of rinsate according to product label and local, state and federal regulations.
9. Add 50 -100 gallons of clean water to the tank. Recirculate through entire system. Flush solution through the boom, hoses and nozzles until tank is empty.
10. Drain the tank, lines and pump completely. Remove excess rinsate with a pump or dedicated wet/dry vacuum.
11. Test rinse solution for pesticide residue. If residue free, dispose of according to local, state and federal regulations. If not, repeat step 8 above.

STORAGE AND DISPOSAL: Noncombustible. Store in original container only. Protect product from freezing. Prevent water from being introduced into the contents of this package. Do not reuse empty container and dispose of it in accordance with state, local and federal regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Turfgrass, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Turfgrass' control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
