### GENERAL INFORMATION

COBALT SPI is a super concentrated, temporary, blue spray pattern indicator formulated to provide visual evidence of where a spray application has been made. COBALT SPI eliminates waste due to overlapping and skipping, while it indicates drift and mechanical malfunction.

COBALT SPI is nontoxic. COBALT SPI dissipates with sunlight or moisture and will not permanently stain vegetation, soil or human skin. Accidental contact can be removed from skin with several washings of soap and water or REDURAN® Dye Remover.
